

# Addition Problems

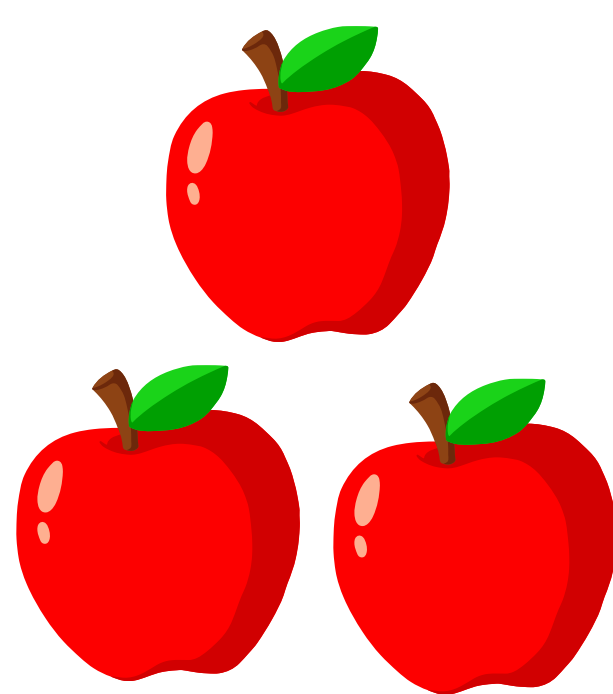

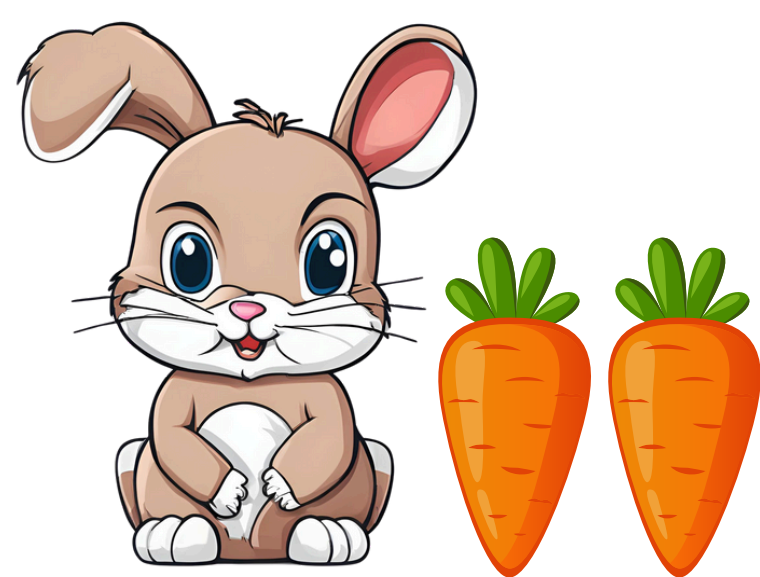

Read each word problem. Count the pictures to find the sum.

A squirrel collects 3 acorns from one tree and 4 acorns from another tree. How many acorns does the squirrel have in total?

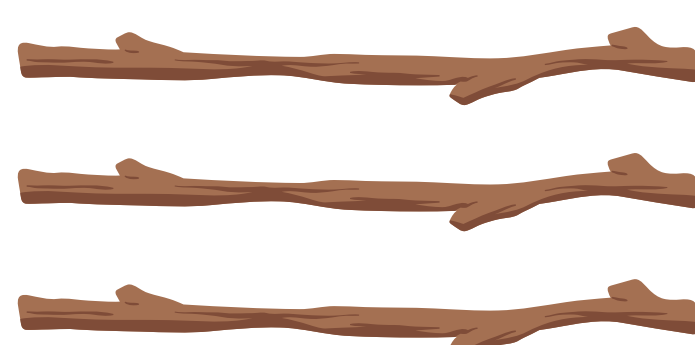

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

At the picnic, the rabbits bring 2 carrots, and the deer bring 3 apples. How many pieces of food are at the picnic in total?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$

Two birds are building nests. One bird collects 5 twigs and the other bird collects 3 twigs. How many twigs do they collect together?

$$\underline{\quad} + \underline{\quad} = \underline{\quad}$$
