

# Subtraction Word Problems

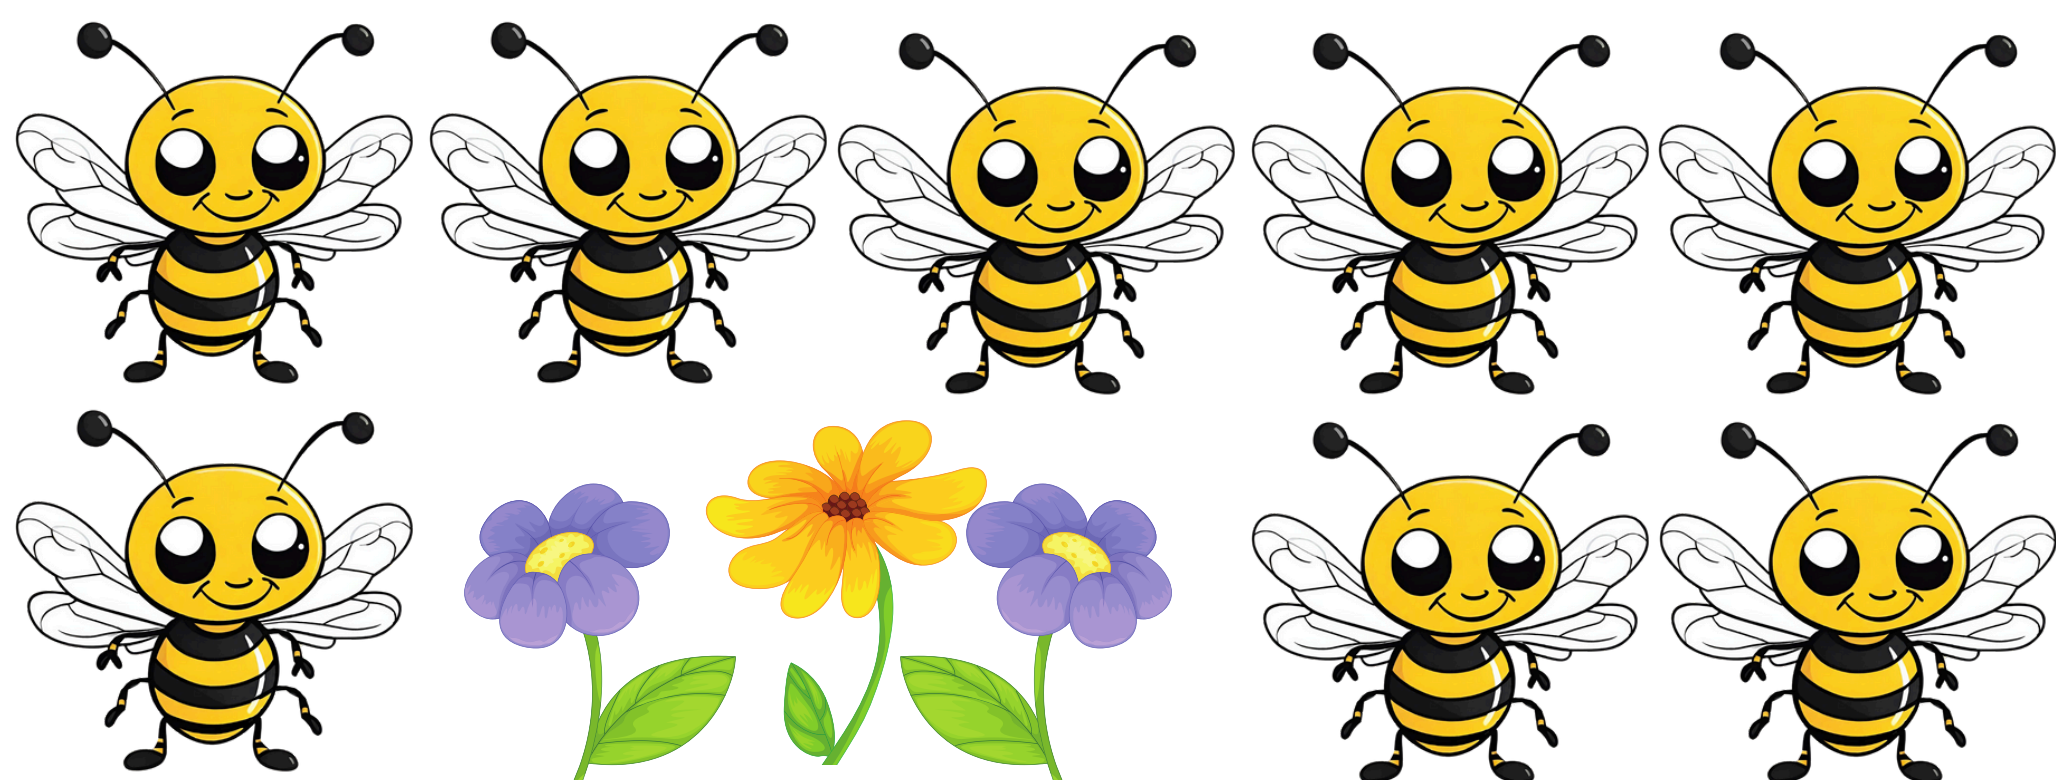

Write down the math in the blank fields to show how many objects or animals are left

During the safari, there were 4 zebras grazing in the field. 2 zebras wandered away to a watering hole. How many zebras are still grazing in the field?

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

In the garden, there were 8 bees buzzing around the flowers. 4 bees flew away to find new flowers. How many bees are still buzzing around the garden?

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$

In the forest, there were 7 stoats playing near their burrow. 2 stoats dashed off to explore a nearby stream. How many stoats are still playing near their burrow?

$$\underline{\quad} - \underline{\quad} = \underline{\quad}$$
