

Buzzy the Bee

Read the story, circle the correct answer from the two choices below, and color the pictures!

Buzzy the bee lived in a garden filled with flowers.

Every day, Buzzy flew from flower to flower, collecting sweet nectar. "I'm making honey!" he buzzed happily. Bees collect nectar and carry it back to their hive. Inside the hive, Buzzy and his friends turn the nectar into honey.

Questions:

Buzzy the bee lives in a (hive / house).

Buzzy collects (nectar / sugar) from flowers.

Bees make (honey / chocolate) from nectar.
